MAITLAND.

Trade is lively. Fair time soon. We want to see you here in all your glory on that occasion. Late George was up last week; his child is seriously ill. Mr. Valley's little son is getting better. Geo. Colvin and Clancy Riley, accompanied by little "Boby" were here Sunday. We learn that they have purchased a privilege of running a refreshment stand during the fair. Messrs Frank Kreck, Charley Brodbeck and Misses Bonnie Brodbeck and Ora Russell of Oregon made a flying visit to our burg, Sunday. They were guests of Mr. Jacob Harmon and wife while they stayed. Willis Heald, one of Maitland's jolly bachelors, and the jeweler of Northern Holt, ran up to Clarinda, Iowa, last week. Mrs. Evans who has been visiting her daughter, Mrs. A. N. Glenn, in Mound City, returned home last week. While in Mound City she sprained her ankle so severely as to cripple her for several days. We are glad to learn that she is able to go about again. N. J. Kyger, D. and Geo. Beeler, were here on Monday. W. A. Gwynn, formerly a citizen of Benton township, is looking about for a home. He wants to come back to old Holt. Mrs. Mahon, from near Oregon, while visiting her daughter, Mrs. J. H. Williams, was taken sick with flux. For several days was dangerously ill, but at this writing is getting better. We regret to learn that the crematory here will suspend operations for a while. The reasons given are that they do not wish to sell at present prices, and they have no storage room for any more butter than they have on hand. Walter Hodge, of Craig, has been at home to see "mother." The past few days. Mr. Murray and Howard Chambers have been making "fly" times for the boys about town, for the reason that each has a brand new boy at home. The mothers are doing well, and it is to be hoped that with good care and gentle nursing, the father's will survive. Joseph Haynes and family, of Mound City, spent Sunday with Mrs. Haynes' mother, Mrs. Elizabeth Shields. Claude Bennett, of Oregon, was on our streets Sunday. Our town council has reduced cost of saloon license from five hundred dollars to \$250 per year. E. F. Veller has resigned as a member of the town council. A special election will be held soon to fill the vacancy. Miss Doherty, of St. Joseph, came up last week to visit her cousin, Mrs. Blich, near Graham. Prof. S. R. Elmer is in our city. He will entertain our citizens with a series of art exhibitions and illustrated lectures on travels in the Orient. For quite a while we have felt satisfied that something was troubling Doc Sherburne's peace of mind. So when we heard him tell some of the boys that he would like to send word to them "band feller" the he was saving the chicken bones they left till they came up to the fair, we were satisfied that he had recovered from the shock he received when Clark Pound and Billy Nies wrecked all his hopes by laying ruthless hands on his supply of cold chicken on the night of the Fourth. Messrs Elliot & Chambers have opened a new confectionery and ice cream parlor, in the old postoffice building. Some body has the croquet ball who is it? A race on the track last Saturday, between a mule and a pony-pony won. "I told you so." Miss Anna Heskett went to Maryville, Monday.

FOREB.

Your correspondent has the toothache, and if these items don't lively they would correspond with her feelings. Houses are in demand, every day or two there are parties here trying to obtain residences. Cordwood street is looming up. Wood is coming in by the dozens of cords to supply the demand of buyers. St. Joseph men are the principal buyers. Several of our young ladies and gentlemen took in the festival at Forest City last Friday night. The next day it was "let me see, five from nothing, went and nothing left." Uncle Levi Dwyer has a cow, and the cow has a calf, and the calf has no eyes. Some body has the croquet ball who is it? A race on the track last Saturday, between a mule and a pony-pony won. "I told you so." Miss Anna Heskett went to Maryville, Monday.

THE BOTTOM.

Hot and sickly. The overflow is something of the past, but will be remembered. We all see the need of a levee now. Arrangements are being made to levee. S. G. Alkire will teach the Burr Oak school. This is his second term there. In fact, the horse is stolen lock the door, that is the Bottomites idea about building a levee. James G. Hopper, is just able to be around from a long spell of fever. Dick Jones, living near this fall and winter. Sylvester Perry, on our sick list we have Reuben Coffey, Bit Sinclair, Samuel, Stelly Hopper, Sarah Randolph, James Penny. All have the fever. We understand that Prof. T. J. Williams will teach the Idle Wilda school this fall and winter. Sylvester Goin, near the ferry, has gone to southern Kansas on a prospecting tour. James Hopper, Mr. McMillins and William Boyd, all of Idle Wilda, have gone to southern Kansas on a prospecting tour. William Boyd and others have gone far in the northwest, in search of health. In fact, all that are not sick, are on a general strike. If the overflow did come we will raise fodder, and wheat, which is better than nothing.

BLUFF CITY.

Henry Prussman, who has been confined to his home for several years, is very feeble, can scarcely speak above a whisper. Miss Lou Ball is very sick with malaria disease. B. W. Jones and wife, of Forbes, are visiting relatives, over on the Bottom. Phil Schlotzhauser returned from Hamboldt, Nebraska, last Tuesday; he gives a glowing description of that thriving town and its surroundings. On the 8th inst, Messrs Schlotzhauser and Barthold, sold to W. R. Davis, of St. Joseph, 400 cords of wood. Courland (Gafford) also bought 100 cords of J. R. Elder the same day. Willard Hendrix, while loading a wagon with wood last week came near being bitten by a rattlesnake, so near as to feel the fangs of the reptile graze his hand. Miss Julia Schlotzhauser left for St. Joseph on the 11th, where she will spend a few days visiting friends. Daniel Goncher, and little Charley Gentry, each had a severe attack of the cholera morbus on last Saturday night, a very general complaint at present. W. S. Gifford, Esq., was up to his farm on last Sunday, looking up its interest and laying out preparations for going in to business. S. M. Shirley has just sold to W. R. Davis, of St. Joseph, 1800 cords of wood, a part of which will be shipped from this place. Amos Wenz has lately lost three head of cattle from heretofore unknown disease. They were taken from the pasture, their legs became stiff their eyes sunk in their head, and would die in from eighteen to twenty hours. Levi Kunkel who lives near the river caught one of the largest cat fish ever captured in that vicinity on last Friday night, it weighed 120 and was a fine specimen of the fish tribe. One of the best catches bought 50 head of stock cattle last week from some parties above Forest City. The combination bridge across mill creek is finally completed. It is some three feet higher than the old one, constructed of good material and rests on credit on the builder, Mr. John Cannon. On last Saturday Benj. Conner, found an old memorandum book containing a note for \$114.00 on Frazer & McDonald's bank Forest City, in form of A. J. Ham, endorsed by Zook & Farley; the owner can have it by calling on Mr. C. Seth Judah.

Miss Sarah Elder, daughter of Mr. J. A. Elder, were married last Sunday at the residence of the bride's parents near Oregon, Esquire Wilkinson, of Forest City, officiating. We are only one in thousands of people in Holt county, who are not a little pleased with the second birth of Mr. J. A. Elder. Though married, Mr. J. A. Elder, is still a "County Paper" for the past two years, very few of its readers would recognize the name, preferring rather to call it "THE SENATOR." George Froelich Robinson, Kansas, is visiting John Gamble this week.

FOREST CITY.

Tramps and sneak-thieves are getting to be a little too troublesome to be tolerated much longer. Last Friday someone entered the house of William Cannon in the absence of the family, took a sum of money and a plentiful supply of cake. On Monday night a thief entered the sleeping room of Mr. Foster at the depot and stole his watch and chain, and a recurrence of these things may be expected so long as it is known that tramps will be fed if they come here. Some people have a fear that if they turn away a tramp, they might have missed entertaining an angel. Adrian Pinkston has purchased a very nice buggy, and is more than ever the favorite among the young ladies. The festival at the Christian church last Friday evening was a very pleasant affair, and afforded those in attendance an abundance of fun and pleasure. Vine Hovey makes a first rate Jacob and can always find his Ruth. The Oregon Quintette Club made most excellent music, and added much to the enjoyment of the evening. Miss Clara Wilkinson will teach the Chambers school and Miss Allie the Walnut Grove school. It was thought by some last Sunday morning that we had a case of lunacy in town. Doug Baldwin was frantic and scattered the cigars among the boys in a very reckless manner. It was a long time before he could be reduced to a condition to make an explanation, and when he did he was heard to explain in his fullness of joy that he was the father of a great big bouncing boy. Douglass is in a happy frame of mind.

LINCOLN.

Farmers are busy threshing their small grain, and doing their fall breaking, and making preparations for winter. We understand that Miss Ella Bridges will take charge of the fall and winter term of school at this place. We are sorry to learn that Mr. S. H. Carson will leave this fall and move to Maitland to make that his future home. Corn through this part of the county as a general thing, is good; we think it will yield from 30 to 50 bushels per acre. The road overboard ought to be working the roads; they are in a very bad condition for traveling. The bridge near F. H. Thomas, has been repaired during the past week, to prevent horses from being tied on the banks of the creek from 10 o'clock A. M. until 4:30 P. M. This fairway boys says this was a "groundhog case." Mr. Franklin Kieffer has purchased a ninety dollar tug buggy. Miss Laura E. Courran, the bell of Lincoln, is studying the rudiments of music under Mrs. L. Van Burskirk. Mr. Morton Flinn will attend the fall and winter term of school at Oregon; he expects to teach.

How Watch Cases are Made.

Most persons have an ambition to carry a gold watch case, and yet few people know how a watch case is made, or the vast difference in the quality of them. In a Solid Gold Watch Case, aside from the necessary thickness for engraving and polishing, a large proportion of the metal is needed only to stiffen and hold the engraved portions in place, and supply strength. The surplus is not only needless, but undesirable, because gold is a soft metal and cannot furnish the stiffness, strength and elasticity necessary to make the case permanently strong and close-fitting. The perfect watch case must combine gold with some metal that will supply that in which the gold is deficient. This has been accomplished by the James Dool Gold Watch Case, which saves the waste of needless gold, and increases the solidity and strength of the case, and at the same time reduces the cost one half.

Send 2 cent stamp to Keystone Watch Case Factory, Philadelphia, Pa. for handsome Illustrated Pamphlet showing how James Dool and Keystone Watch Cases are made.
